## Dogs

Gemini dogs are mentally busy and emotionally observant. They thrive on interaction, stimulation, and variety. One walk around the same block is rarely enough for them. They want new scents, experiences, and people. Gemini bond strongly through communication and play. Key is engagement. Training, games, conversation, and novelty to help them feel connected and fulfilled.

## Cats

Gemini cats are clever, animated, and endlessly curious about what everyone else is doing. They are often the cats opening cabinets, appearing unexpectedly in conversations, or supervising activities they were not invited to. They thrive in environments with stimulation and movement, but also appreciate the freedom to disappear and recharge when they've had enough. Respect their intelligence. They notice more than you think.

Color me in and/or cut along dotted lines. Fold in half, taping the edges to create a card.  
Read out loud to your cat or dog, and embrace its wisdom.
