

Virgo

Pet-o-scope

Aug 23 - Sept 22

Dogs

Grounded, meticulous, and deeply connected to routine, Virgos notice everything: when dinner is late, when energy in the home shifts, when something simply feels "off." These earth dogs thrive in calm, predictable environments. Virgo dogs often prefer mastering the familiar over adventure. Their loyalty is fiercely unwavering. Give them consistency, reassurance, and purpose. You'll feel their deep and profound devotion.

Cats

Virgo cats are discerning, self-possessed, and deeply attuned to the energy of their environment. They create quiet rituals for themselves: the exact chair touched by morning light, the same nighttime patrol through the house. They value calm over chaos and instinctively seek spaces, people, and routines that feel emotionally safe. Virgo cats reveal affection through consistency, presence, and trust earned slowly over time. When a Virgo cat chooses you, it feels like profound mutual respect.
