

COOL as a CUCUMBER TEA SANDWICHES

FOR CATS & DOGS & THE HUMANS WHO LOVE THEM

INGREDIENTS:

- organic cucumber, peeled
- 2 Tablespoons plain Greek yogurt
- 8 fresh organic blueberries

PAIRING SUGGESTION:

- Best served with a freshly filled bowl of cool, clean water.

Instructions:

1. Peel the cucumber. This one's important. Cucumber peels can be difficult for some dogs and cats to digest.
2. Slice into thin rounds.
3. Spread a very thin layer of plain Greek yogurt onto one slice.
4. Top with a second cucumber slice to create a tiny sandwich.
5. Place one blueberry in the center (use a dab of yogurt to keep in place).
6. Chill in the refrigerator for 10 to 15 minutes, if desired (your dog may *not* desire, in preference to eating them NOW).

As always, if your pet has dietary sensitivities or medical conditions, please consult with your veterinarian before trying new foods.

Serving Suggestions:

Small dogs: 1 mini sandwich | **Medium dogs:** 1 to 2 mini sandwiches |
Large dogs: 2 to 3 mini sandwiches | **Cats:** One mini sandwich is plenty.
Some will happily investigate. Others will supervise the preparation from a respectful distance.
